Call Us To Find Great Unsigned Bands, Artists, and Songwriters From All Over The World.

The Call Is Free... So Is Our Service.

TAXI has worked with virtually every major label and publisher, including A&M, Arista, Atlantic, BMG, Capitol, EMI, Famous, Geffen, MCA, Mercury, Warner Brothers, Warner/Chappell, Virgin, and many more.

Here's How TAXI Works:

- We have over 3,500 members - bands, artists, and songwriters from all over the world. Over 350 new members join every month.
- All you have to do is make one phone call to tell us what you are looking for. We send that information to our members twice a month, without identifying you or your company by name. This ensures that you will NOT be inundated with unsolicited tapes and calls from the general public. All submissions will come through TAXI to be pre-screened.
- We've hired over forty well-known screeners who screen and critique every tape. They select the best and most appropriate tapes, before we forward them to you. If you find something you would like to pursue, you are free to contact the artist directly.
- The reason TAXI works so well (we are now in our fifth year) is because we are very selective about what we forward to you. We've had over 200 members sign deals ranging from artist deals with major and independent labels, to staffwriter and single-song publishing deals, to film and TV music usages.
