Get Connected.

Gospel International is about community. Using the tools of the web and print, we are the "HUB" for Gospel Music information and entertainment. We are a meeting place for discussions, interviews and reviews on what is happening in our community.

"Our goal is to serve the world with quality information, inspiration and inter-activity that will motivate, educate and enlighten our readers in a effort to promote a greater sense of fellowship and Brotherhood within and outside the Gospel-Christian community."

Gospel International is about taking **pride** in what we do. We are connected to our membership by the GI CyberSaint™ network of dedicated writers, designers and builders that took the "vision of one"... and made it reality. We are in the streets, on the web and on the telephone talking directly to you, the Gospel Music Community - and your input is reflected in what we do.

The Dunn Report™, the industry's only independent North American review of regional retail and airplay Gospel music results, delivers timely information with the cooperation of our friends in the Gospel Announcers Guild. Reporting what you see is our job - reflected in the recent groundbreaking coverage of **Urban Rhythm & Praize**. The Gospel International "URP Movement" is reaching out to youth, and is serving as the bridge between Gospel Radio and new commercial audiences, increasing the reach and the power of the message. As part of our Team Mission we will strive to consistently earn the respect of our membership and community at large. Our challenge is to stay focused, to highlight the latest trends in Gospel Music, and to continue to build that meeting place we envisioned for our community.

We ask for your support.

Take a look at our magazine, our website and our company. Subscription and advertising information is available inside. And remember, more than ever, Gospel International is the Pulse of the Gospel Music Community.

**To motivate,
educate,
inspire,
enlighten,
& communicate.**
